The following is provided to assist public libraries in municipalities considering exemption from the county library tax for 2016.

How does a public library or county calculate qualification for exemption from the county library tax for 2016?

Under Wisconsin Statute 43.64(2), municipalities with public libraries may be exempt from the county library tax if they appropriate locally an amount above the defined minimum. In order to determine if a municipality may request an exemption from the county library tax for 2016 (the tax the county board will set in the fall of 2015 and expend in 2016), complete the following calculations.

1. Determine the 2014 equalized value of the property taxed for 2015 county library service; i.e., subtract the equalized value of any communities exempting from the county library tax for 2015 (municipalities exempted from the appropriation levy set in the fall of 2014) from the 2014 total county equalized value. See revenue.wi.gov/equ/2014/14coapprt.pdf for 2014 total county equalized value less TID. See *Statistics at the Public Library Level by System and County* for 2014 (pld.dpi.wi.gov/pld_dm-lib-stat) column BQ for municipalities that exempted from the appropriation levy in fall 2014.
2. Determine the total county library services appropriation for 2015. This is the appropriation made in the fall of 2014 for all 2015 county library service.
3. Divide the appropriation amount determined in step 2 by the equalized value determined in step 1. This is the county library tax levy rate for 2015 (the appropriation made in the fall of 2014).
4. Multiply the county tax levy rate from step 3 by the 2015 equalized value of the municipality being considered for exemption. The result is the minimum amount the municipality must appropriate for 2016 to exempt itself from the county library tax levy for 2016. See revenue.wi.gov/equ/2015/15coapprt.pdf for the 2015 total equalized value of municipalities less TID.
5. Compare the minimum amount calculated in step 4 with the 2016 municipal appropriation for the library (the appropriation made by the municipality in the fall of 2015). The municipal appropriation cannot include any state, federal, or county payments provided specifically for library services.

If the municipal appropriation is greater than the minimum amount required for exemption, the municipality may request to be exempted from the county tax. The exemption may be refused if, by September 1 of any year, the county board determines the public library has not complied with any minimum standards of operation approved under s.43.11(3)(d).

Municipalities that participate in joint libraries may now be able to exempt by an alternate means as a result of 2014 Act 20 which amends 43.64 (2) (c) to read:

Notwithstanding sub. (2m), any city, village, town, or school district in a county levying a tax for public library service under sub. (1) is exempt from the tax levy if all of the following apply:

- 1. The city, village, town, or school district is included in a joint library under s. 43.53.*
- 2. The city, village, town, or school district levies a tax for public library service, less the amount levied for public library capital expenditures, and appropriates and spends for a library fund during the year for which the county tax levy is made an amount that is not less than the average of the previous 3 years.*
